

Laboratory Name : PHYSICS

Laboratory Description : Principles of scientific phenomenon are well developed through various practicals and experiments that are performed in physics lab. The focus of the practicals is to develop psychomotor skills.

Faculty In-charge : R. M. Kodape

Lab In-charge : N. S. Sawala

Area of Lab : 125.60 sq. mt

Major Equipment's/ Software : 1. Capacitance of series Combination.

2. Digital Power Supply.

3. Spectrometer sodium lamps.

4. Searl's apparatus (Thermal conductivity) .

5. Photo electric effect setup.

6. Platinum Resistance Thermometer
